- AI & Machine Learning Savvy
- Microsoft Office Suite

WORK EXPERIENCE

Icon Designer at David Studio

I worked as an icon and logo designer for an indie video game in development at David Studio. With my post-master's design expertise, I designed visual branding elements that effectively communicated the core identity of the game. Working closely with the art and design teams, I developed intuitive game icons and a distinct logo that aligned with the project's visual aesthetic and user experience goals.

EDUCATION

GURU GHASIDAS VISHWAVIDYALAYA

Master of Computer Science 2022-2024

I have completed a Master's degree in Computer Science, focusing on advanced computational theories, algorithms, and programming concepts, and am currently awaiting my results.

KAMLA NEHRU COLLEGE

Bachelors of Science 2019-2022

I have successfully completed my Bachelor's degree from a prestigious institution, thereby establishing a robust foundation in the principles and applications of Computer Science.

ACADEMIC PROJECT

Conducted a comparative analysis of Quantum Convolutional Neural Networks (QCNNs) and ResNet-50 for classifying medical images from the MNIST dataset, focusing on performance evaluation and potential improvements in accuracy and efficiency for medical diagnostics.
